341 Basic Instructional Programs

341.4 Physical Education

341.41 High School Physical Education Waiver

The Random Lake School Board allows that eligible students may complete an additional one-half credit course in English, mathematics, social studies, science, or health education that is not otherwise required for graduation in lieu of one-half credit of physical education for purposes of high school graduation upon completion of a Wisconsin Interscholastic Athletic Association (WIAA) sanctioned sport sponsored by the District.

Students who apply for this waiver **MUST** meet the following conditions:

1. The student must complete one season of a Wisconsin Interscholastic Athletic Association (WIAA) sanctioned sport that is sponsored by the District.

Completion shall be defined as:

- a. Finishing the season in good standing per the Random Lake High School Co-Curricular Code.
  - b. Having no Co-Curricular Code infractions that resulted in penalties or suspension being issued to the student. This includes maintaining the Co-Curricular Academic Standards.
2. The student shall submit a Physical Education Waiver to the High School Principal in advance of the sport's first practice. Students may pick up a waiver request form from the high school office.
  3. The student must complete one WIAA sanctioned athletic season prior to the start of fall athletic practices of his/her senior year. If not, the senior will be required to take one-half physical education credit during their senior year if he/she has not fulfilled the required 1.5 credits of physical education required for graduation.
  4. The student must earn one half credit of an approved course in English, math, science, social studies, or health by the end of the first semester of his/her senior year that is not otherwise required for graduation. Failure to pass an approved class will result in the student being scheduled into a physical education class during the spring semester of the senior year if he/she has not fulfilled the required 1.5 credits of physical education required for graduation.

Student participation and successful completion of an approved WIAA sanctioned sport shall be documented by the varsity head coach and verified by the High School Athletic Director. Documentation of the student's participation will be forwarded to the High School Principal upon completion of the athletic season.

Students who choose this option must maintain a minimum course load of 4.0 credits per semester for Freshman and Sophomores and 3.5 credits per semester for Juniors and Seniors.
